

Dear Customer

WELCOME TO OUR OCTOBER BULLETIN

Further to the launch of our new brochure and website for 2023, we'd like to discuss the new Wardrobe and Bedroom furniture:

Let's start with Traditional Wardrobes

The backbone and foundation to all kitchen or bedroom furniture is the cabinet quality.

Using only high quality materials and manufacturing standards for our kitchen cabinetry, we've replicated these standards into our bedroom cabinets.

Starting with our entry level white cabinet with a signature colour coded edging strip to match the doors, we offer fully colour coded MFC, to Oak and Walnut veneered MRMDF, and fully lacquered and spray-painted veneers. All cabinets are 18mm throughout.

We have a comprehensive range of standard sized cabinets with numerous options for drawers, rails and accessories. Like many of our kitchens we have a huge selection of door styles, colours and finishes.

Sliding Door Wardrobes

3 profiles and handles in 3 colours, and you can then choose from combinations of materials, colours and finishes to make the centre structure of the doors.

Whether you choose a single piece, single colour, multi panelled and multi materialled you can have it. Want a full-length mirror, but not on show? Why not add a single piece mirror door and seat it on the rear track to hide behind one of the finishing doors. All supplied with soft close mechanisms for spaces up to 2500H x 5000W.

Inside the sliding door wardrobe system – you have a choice of standard layout cabinets, much like the traditional systems, or you can opt for a modular system like the Slim Storage System shown above.

THINKING OUTSIDE THE BOX!!

As you will know, here at Hamilton's we like to think outside the box. It doesn't have to be elaborate, it doesn't have to be expensive, but it does need to solve a problem and it does need to work.

Space comes at a premium, and everyone wants some sort of multifunction. We see this in kitchens with combination microwave ovens. That said, have you seen the new Omnichef ovens from Smeg? A Single, not Compact, Normal Oven, Fan, Grill,

Microwave, Steam, Combi, Turbo, BBQ, Sabbath, Stone Cooking, Air Frying Pizza oven - all in one. WOW!! No wonder it's come 1st at both the "Ideal Home" and "Designer" awards.

Multifunction and clever designs are what we are good at.

All the spare rooms and log cabins built or adapted for the "working from home" movement, can double / treble up with clever furniture.

CASE STUDY 1

Our Vassa Door in Dust Grey, adopting push to open pistons as opposed to traditional handles, Lissa Oak effect cabinetry with Dust Grey edging.

Our clients daughter had an extensive collection of baseball caps, and wanted them displayed and organised.

The centre cabinet to provide internal drawers, a make-up / dressing area with lighting, mirror and glass shelves, additional high level storage...

AND using 165 degree hinges allows easy access and a pull out desk for homework / study. There is also enough room to fold down a laptop and slide it away.

The right cabinet has a tall dress mirror mounted on the door using 165 degree hinges. A simple drawer box at the bottom providing easier access to shoes. 18mm back panels made it easy to mount the electrical socket behind the drawer box.

Installed Jan 2023 – RRP excluding installation and mirrors £4499, including VAT.

CASE STUDY 2

Sliding and Soft Closing Wardrobe Doors for a Children's Playroom – 18mm, Single piece design in Denim colour.

But we're not hiding toys.....

2 x kitchen larder cabinets, drilled at appropriate points for required shelving. The 18mm back panel allows for surface mounted sockets to be easily installed.

And on the right.....

A stacked washer and dryer, boiler housing and additional cupboard space. Specific detail to ensure full access to all cabinetry and machines when doors are open.

Installed Oct 2021 – RRP excluding installation and contents £4599, including VAT.

PROMOTIONS

Over the course of the last couple of years we've become Official Retailers for Miele, AEG, Quooker, Indesit and Zanussi. Don't worry, we're still retailers for Smeg, Caple, & Elica, and continue to price match to the internet big boys.
